Do you want to sell online?	Yes No

There are many ways to sell goods online. A full, ecommerce solution requires you to have an Internet Merchant's Account. There are however ways around this. If you don't have a wide range of goods to sell you could use third party payment service providers such as Paypal to do this. Please contact us if you require further information about this.

How many items will you offer?

A web page generally covers one subject on your website, e.g. this is an inquiry form page. Web pages usually include text, images and links to other web pages. Each menu item on this site is a separate page, e.g., Home, Portfolio, Products, Services, Contact details, etc.

Is a Domain Name Required?	Yes	No
----------------------------	-----	----

A domain name is your website name, e.g. www.palacepromotions.co.uk.co.uk

What DomainName do you Require?	
Is Website Hosting Required?	Yes No

Hosting is provided by an Internet Service Provider. You need an ISP to provide you with the hosting space to which your web site will be uploaded. If you don't have one select Yes.

Do you need a logo?	Yes	No
---------------------	-----	----

(My logo is on the top left of this page.)

No. of Images Required		
Do you have Digital Images?	Yes	No

Your website will require images. If you have these available in digital form we can probably use them. If not, you may be able to scan them from your existing paper based documentation.

Is your Site Content Prepared?	Yes	No
--------------------------------	-----	----

In addition to images you will need content for your site. This will include all the "copy", which is the text and information you want to provide. You may also need information on the products and services you want to promote through your website.

Writing of Copy Required?	Yes	No
---------------------------	-----	----

We can write basic copy on your behalf unless specific technical knowledge is required. If you are unsure about this feel free to call us to discuss it.

Do you Require an Inquiry Form?	Yes	No
---------------------------------	-----	----

An inquiry form (of which this is an example) is an excellent way of attracting inquiries because people are more likely to respond when they see a form asking them questions. It can also be used to ensure that your inquirers provide all the information you will need to answer their inquiry. Please note that this is a very complex inquiry form. Most forms only require to ask about 5 - 10 questions.

You may have the best website in the World but it is as useful if people are able to find it. Failure to promote your website is a bit like spending a fortune on creating and printing thousands of beautiful, new brochures then leaving them in a box in your stationery cupboard.

Do you want us to research your Keywords?	Yes	No
---	-----	----

Your keywords are what gets you found when people are searching for you using a search engine like Google or Yahoo. Simply put, if someone is searching for a hotel in Manchester using "Manchester hotel" as a search phrase your hotel site has little chance of being found if the words "hotel" and "Manchester" do not appear within your text. We can research the keywords for your site or business and let you know how to get your business found.

Do you want us to Optimize your Site?	Yes	No
---------------------------------------	-----	----

We can optimize your site by researching your keywords and adjusting your text, content and copy so that you have the best possible chance of being found by the search engines.

Do you want us to submit your site to search engines? :	Yes	No
Do you need visitor statistics? :	Yes	No

Visitor statistics let you see how many people are visiting your site and what search words they are using to find it.
